BURGLAR ALARM KITS

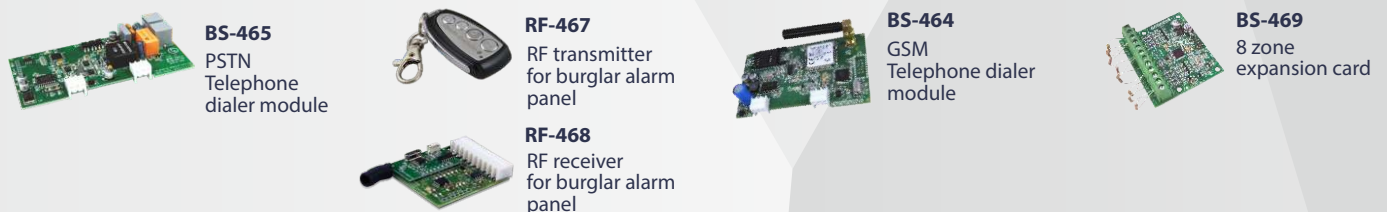

BS-468/KIT

The BS-468/KIT contains:

- BS-468** Burglar alarm panel
- BS-466** Keyboard with LCD display
- BS-413** Autonomous siren & beacon with A-989 12V 1.3Ah battery
- BS-405** IR motion detector
- BS-429/W** Magnetic trap (white)
- A-986** Lead acid Battery Pd 12V/7Ah
- PC-468** Software for BS-468 and mini usb cable

! The BS-468 is an 8 zone burglar alarm panel. By using the BS-469 expansion module it can be expanded to 16 zones. To control the panel, at least 1 BS-466 keyboard is needed. The panel can accept up to 8 keyboards. The alarm panel has a slot that can accept a remote control receiver BS-424. There is also a connector for GSM (BS-464) or PSTN (BS-465) card expansion.

BS-458/KIT

The BS-458/KIT contains:

- BS-458** 4 zones burglar alarm panel
- BS-413** Autonomous siren & beacon with A-989 12V 1.3Ah battery
- BS-405** IR motion detector
- BS-429/W** Magnetic trap (white) (x2)
- A-986** Lead acid Battery Pd 12V/7Ah

! The BS-458 is a 4 zone burglar alarm panel. The programming can be done using the keyboard or via a USB connection to a PC using special software. There is also an expansion port used for automatic telephone dialers.

PERIPHERAL DEVICES & ACCESSORIES

BS-413

BS-413/B
anthracite grey

BS-441

BS-413 / BS-441

Siren with beacon and interior siren for burglar alarm panel

- **BS-413** Autonomous siren & beacon with A-989 12V 1.3Ah battery
- **BS-413/B** Autonomous siren & beacon with A-989 12V 1.3Ah battery (anthracite grey)
- **BS-441** Interior siren 90dB / 1m

BS-405 / BS-409

Detectors

- **BS-405** Temperature compensated IR detector /pet immune
- **BS-409** Combined (microwave-IR) detector

BS-2000 / BS-3000

Detectors

- **BS-2000** For external use (PIR & MW)
- **BS-3000** For external use (2 x PIR & MW)

ABE-60 / ABE-100

Beam detectors

- 3 or 4 beams
- 150 to 250 meters

BS-660/12 / BS-655/12

Smoke detectors

- **BS-660/12** Heat of rise detector 12VDC
- **BS-655/12** Optical smoke detector 12VDC
